GENERAL H&S COMPLIANCE FOUNDATION

A robust compliance baseline for growing organisations.

BEST SUITED TO:

Start-ups, single sites, or smaller organisations that need to establish compliant foundations quickly and correctly.

INCLUDED:

01 Initial compliance and risk gap analysis

02 Site walkaround with priority risk register

03 Core policy and procedure suite (Fire, Manual Handling, DSE, plus policies for your top 3 business-specific risks)

04 Starter legal register aligned to your activities

05 Customisable site induction & toolbox talk templates

06 Clear roles and responsibilities framework

07 Flexible on-site implementation support

08 One month of remote follow-up to embed and refine

WHAT THIS DELIVERS:

A structured governance framework delivered through a professional Health & Safety Management System (HSMS), giving leadership clear visibility of what matters, early warning of issues, and confidence in the controls in place — without drowning in data.

OUTCOMES YOU CAN EXPECT:

- Audit-ready documentation and clear accountability
- Reduced exposure to enforcement action
- Practical systems your teams actually use

Delivery timeframe:

2–4 weeks

Typical investment:

£3,500 – £7,500
