GENERAL H&S COMPLIANCE FOUNDATION

A robust compliance baseline for growing organisations.

BEST SUITED TO:

Start-ups, single sites, or smaller organisations that need to establish compliant foundations quickly and correctly.

INCLUDED:

- | | | | |
|--|----|--|----|
| Initial compliance and risk gap analysis | 01 | Customisable site induction & toolbox talk templates | 05 |
| Site walkaround with priority risk register | 02 | Clear roles and responsibilities framework | 06 |
| Core policy and procedure suite (Fire, Manual Handling, DSE, plus policies for your top 3 business-specific risks) | 03 | Flexible on-site implementation support | 07 |
| Starter legal register aligned to your activities | 04 | One month of remote follow-up to embed and refine | 08 |

WHAT THIS DELIVERS:

A structured governance framework delivered through a professional Health & Safety Management System (HSMS), giving leadership clear visibility of what matters, early warning of issues, and confidence in the controls in place — without drowning in data.

OUTCOMES YOU CAN EXPECT:

Audit-ready documentation and clear accountability

Reduced exposure to enforcement action

Practical systems your teams actually use

Delivery timeframe:

2–4 weeks

Typical investment:

£3,500 – £7,500
